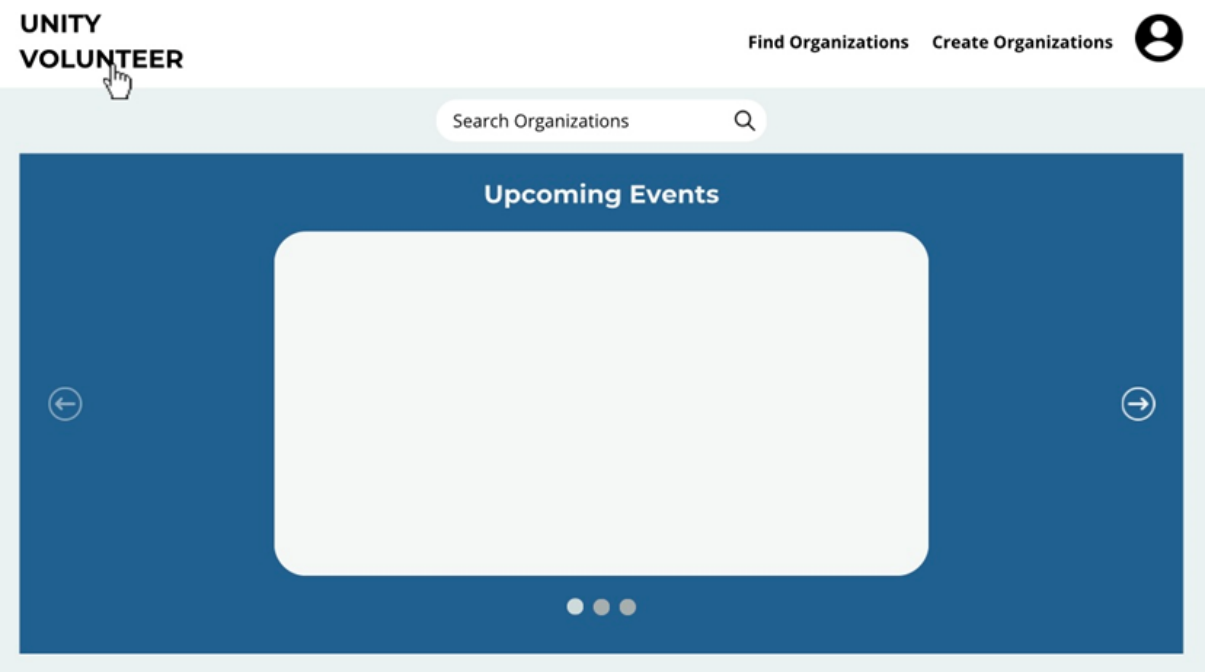
Basic Design



Homepage Description:

Header:

- The header tag consists of the Unity Volunteer logo, a navigation bar, and a profile picture button. This header will be present on all pages navigated via the navigation bar. The Unity Volunteer logo acts as a home button, taking the user back to the homepage.
- When users hover over or click on the navigation bar items, the background color of the button changes to blue, indicating the current selection.

Search Bar:

The search bar allows users to find organizations directly by inputting the organization's name. It takes users to the Find Organization page.

Carousel:

The carousel displays upcoming events that are publicly posted, allowing users to click on the events to access more details and decide to join.

Navigating arrows help users browse through the carousel images. The first image in the carousel has a darker left arrow to indicate there are no previous images.

Profile Picture Button:

Clicking the profile picture button opens a pop-out bar listing account information and options to sign up or log in.

Indicators:

The carousel has indicators at the bottom showing the current position within the carousel, with a lighter color indicating the current page.

Find Organization Page Description:

Category List:

Users can filter organizations based on categories such as Arts & Culture, Education, Healthcare, Tech, etc. Once categories are selected, an option to clear all selections appears at the bottom of the list for convenience.

Description Boxes:

Each box contains a brief introduction to an organization. These boxes are clickable, allowing users to navigate to the organization's profile page for more detailed information.

Navigating Arrows:

Arrows help users move between pages of the organization list. An indicator shows the current page number, enhancing navigation clarity.

Search Bar:

Similar to the one on the homepage, the search bar allows users to directly search for organizations they have in mind.

Dashboard and Discover Buttons:

The Dashboard provides a personalized view for logged-in users, showing events from organizations they follow. For guests, a message prompts

them to log in. The Discover option displays a list of organizations in alphabetical order for new users.

Display Indicator:

Shows the total number of available organizations at the moment.
